

Introduced by Senator Harman

February 24, 2009

An act to amend Section 11834.03 of the Health and Safety Code, relating to alcohol and drug programs.

LEGISLATIVE COUNSEL'S DIGEST

SB 268, as amended, Harman. Alcoholism or drug abuse recovery or treatment facilities: licensing.

Existing law provides for the licensure, certification, and regulation of alcoholism or drug abuse recovery or treatment facilities serving adults, administered by the State Department of Alcohol and Drug Programs. Under existing law, an applicant for a license is required to submit to the department, among other things, a completed written application and an approved fire clearance.

This bill would require the application to include a certification that the facility complies with local zoning ordinances. It would also require the department ~~to verify this certification~~ *to ensure that the license application contains a clear reference to statutory requirements under which a drug abuse recovery or treatment facility that serves 6 or fewer persons shall be considered a residential use of property.*

This bill would make an approved fire clearance *for a drug abuse recovery or treatment facility serving 7 or more persons* valid only for the duration of the 2-year term of the license. ~~An applicant for license renewal would be required~~ *This bill would require a drug abuse recovery or treatment facility serving 7 or more persons that applies for license renewal to obtain a new fire clearance, as prescribed.*

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. Section 11834.03 of the Health and Safety Code
